JOHNSON RETURNS — Vice President Lyndon Johnson gets a welcoming kiss from his wife at Andrews Air Base near Washington after stepping from the presidential jet plane. Johnson returned to the capital to report to President Kennedy on his 36-hour visit to West Berlin.

Veep's Berlin Trip Termed Historic

WASHINGTON (AP) — Vice President Lyndon B. Johnson reported to Democratic congressional leaders today on his weekend trip to West Berlin—a mission his colleagues termed historic.

Johnson discussed his findings with the leaders as they met with President Kennedy for their weekly breakfast in the White House.

U.S. To Air Bizerte Views Before U.N.

UNITED NATIONS, N.Y. (AP) — The United States airs its views on the French-Tunisian dispute over Bizerte today amid speculation whether it will answer a new Soviet attack on U.S. military bases abroad.

Soviet Delegate Platon D. Morozov dragged in the whole issue of Western bases Monday, confirming delegates' fears that the Communists would try to turn the special U.N. General Assembly session on Bizerte into a cold war dispute.

Some delegates believed chief U.S. delegate Adlai E. Stevenson might refuse to get embroiled in a squabble over U.S. foreign bases on grounds the debate deals only with France's Bizerte base.

Others contended that with world attention focused on how strong a role the United States will play in the Berlin crisis, Stevenson could hardly ignore the Soviet challenge.

Morozov unleashed his broadside against the West shortly after debate began Monday on Tunisia's demands that France withdraw her troops from the city of Bizerte and open negotiations to arrange a schedule for withdrawal of all French troops from Tunisia.

Morozov gave quick support to Tunisia's demands, then demanded liquidation of all foreign bases occupied by the West.

Tunisian Delegate Mongi Slim opened the debate with an appeal to the United States and its allies to support the resolution by 31 African-Asian nations and Communist Yugoslavia calling for the French withdrawal from Bizerte and ultimately from Tunisia.

Informants said the United States plans to abstain on the resolution aimed at France, one of its chief allies. It was generally believed, however, that the resolution would get the two-thirds vote required for its adoption.

Commission Acts To Alter Charter On Tax Authority

The Salem Charter Commission voted last night to revise a section in the proposed charter which would have taken from City Council the authority to enact an income tax without the question first being voted on by the people.

By a vote of 9 to 2, the Commission decided that Council could enact an income or payroll tax as long as it is not passed as emergency legislation.

This alters a decision reached by a 7 to 5 vote last April which would have denied Council the authority to pass any form of income or payroll tax without the question first having been submitted to a public vote.

The compromise arrangement reached last night means that Council will not have to call for a vote of the public before enacting an income tax but it does mean that Council can not pass such a tax as an emergency measure.

The one-half of one per cent income tax ordinance which went into effect on Jan. 1, 1961, and expires Dec. 31, 1961, was adopted as emergency legislation. Since it was declared by Council to be an emergency measure, the present income tax ordinance was not subject to referendum. This meant that the ordinance could not be brought up for a direct vote of the citizens for approval or rejection.

Legislation not declared an emergency is subject to referendum. Emergency legislation becomes effective immediately after passage while normal legislation doesn't become effective until 30 days after passage.

Chairman Lozier Caplan pointed out that state law gives City Council the authority to levy an income tax and that there may have been some question on the legality of a section in the charter which would have forced the legislators to get voter approval before enacting such a measure.

Turn to CHARTER, Page 10

Only James Aldom and Guy Mauro voted against the compromise last night.

Mauro said he would prefer to have the public vote whether or not it wants an income tax before rather than after Council passed such a levy.

"Referendum is a high-sounding word but it places the entire burden on the public," Mauro commented. "I wonder how many people know what a real chore a referendum is?"

Mauro said he believes that the people of Salem would support an income tax if they are convinced of the need. "Let them assert themselves initially and you won't hear so many complaints after the tax is passed," Mauro remarked.

Aldom said he is not opposed to an income tax but that he was opposed to the way it was passed by Council last year.

Commission member John Taylor said he detests any form of income tax, calling such levies "immoral." However, he said for the sake of compromise he would go along with giving Council the authority to levy an income tax as long as it was not allowed to be passed as emergency legislation.

Voting in favor of the amendment, besides Taylor, were Bryce Kendall, Harold Asty, Mayor Dean Cranmer, Fred Koenrich, Ford Joseph, Jr., Norman Eckfeld, Mrs. Ewing Farrington and Chairman Lozier Caplan.

Four members absent from last night's meeting were Carl A. B. John Herman, Jr., Michael Schuler and Jack Rance.

Manufacturers' Resolution
Before the vote was taken on the income tax question, the Commission was informed that the Salem Manufacturers Association recently passed a resolution stating:

Contract Hassle Going 8 Weeks

GMC Ready To Submit New Proposal To UAW

DETROIT (AP) — General Motors Corp. was ready to submit an economic proposal to the United Auto Workers Union today after nearly eight weeks of bargaining on a new labor contract.

The Ford Motor Co. and Chrysler Corp. also were believed to have proposals, covering wage

and fringe benefits, drawn up for presentation—possibly today.

The Big Three proposals presumably are substantially the same. The companies negotiate separately with the UAW but they keep each other informed on the progress of bargaining and their thinking about a pattern settlement in the auto industry. All have said it should not be inflationary.

GM timed its proposal for presentation to the UAW bargaining team on the same day the union was scheduled to reply to American Motors Corp.'s package offer, which includes a profit-sharing plan. AMC, which plays a lone role in dealing with UAW, made its surprise offer July 28.

Earl R. Bramblett, GM's director of labor relations, said he had not been in consultation with AMC's negotiators.

He said that GM negotiations were following a normal pattern with the company making an offer nine days before contract expiration.

Big Three contracts expire Aug. 31. The AMC contract runs out a week later.

Besides profit-sharing, AMC has offered its 23,000 hourly employees a seven-cent wage increase annually over the next three years. In exchange it proposed scrapping the annual improvement factor wage increase and cost of living escalator in the present contract.

The UAW termed the AMC package unacceptable but said it offered a basis for negotiations. The union did not call a strike vote at AMC as it did at the Big Three plants.

Wang to End 14-Year Tenure In Health Dept.

LISBON — Earl Wang of North Georgetown, plumbing inspector for the Columbiana County Health Department, resigned effective Sept. 1 when the Health Board met Monday evening.

Wang, in his 14th year with the board, has worked as a plumbing inspector for five health commissioners. He received a certificate of merit in 1958 for 10 years of service from the Ohio Public Health Association. He has been a plumber most of his life and

was associated with the Salem Plumbing and Heating Co. before accepting the county job. He belongs to the State Sanitary Society of Engineers, Masonic organizations and North Georgetown Ruritan Club.

Thirty-three master plumbers honored him Saturday at a clam bake and presented him with a rod and reel for fishing, one of his pastimes.

He lives with his wife and daughter at their home and has a son in Toledo.

British Guiana Elects Jagan To New Term

GEORGETOWN, British Guiana (AP)—Cheddi Jagan, 43, a Marxist admirer of Fidel Castro promising a foreign policy of active neutralism, was returned to power for four more years today in Britain's only South American colony.

Returns from Monday's general election gave Jagan's Communist-leaning People's Progressive Party (PPP) 19 of 35 seats in the new legislature, and at least two of the five unreported constituencies were expected to be added to the East Indian dentist's majority.

The Negro-dominated People's National Congress led by Forbes Burnham won nine seats and Peter Daguian's conservative, anti-Communist United Force won two.

The British ousted a government headed by Jagan in 1953, charging that he was planning to establish a Communist beachhead on South America's north coast flanking the Panama Canal. In elections in 1957 the PPP won 9 of the 14 legislative council seats and Jagan became minister of industry, a post equivalent to premier under British governor Sir Ralph Grey.

Jagan was expected to come to Georgetown today from his inland home district to accept Grey's invitation to become British Guiana's first premier in name as well as fact.

Britain has promised the colony internal self-government and said it could apply for independence within two years. Jagan is expected to demand independence within the Commonwealth immediately. He also opposed British Guiana's entry into the West Indies Federation and says he will hold a referendum on the question.

The Western world watched the election with concern because of Jagan's avowed friendship toward Communist countries and the Castro regime. But the election apparently was decided on racial lines.

Dispute Erupts On Civil Rights

Southern Senators Oppose 'Riders'

WASHINGTON (AP)—The Senate, caught up in a dispute over civil rights legislation, appeared likely today to rock along for a while without any quick test of strength.

Efforts to throw open a \$761-million appropriations bill for the State and Justice departments to a batch of civil rights amendments ran into stiff opposition from Southern foes.

Democratic Leader Mike Mansfield of Montana told a reporter he did not know when a vote might be reached.

The scrap erupted Monday when Mansfield, with the backing of Republican Leader Everett M. Dirksen of Illinois, moved to suspend the Senate rule barring legislation in an appropriation bill. The purpose was to clear the way for tacking a two-year extension of the Civil Rights Commission on the appropriation bill up for Senate action. Suspension of the rules requires a two-thirds majority of the senators present and voting.

The commission, created in 1957 and extended for two years in 1959, is charged by law with investigating complaints of civil rights violations.

Dr. C. S. Palmer, county health commissioner, reported on the tuberculosis clinic which shows 141 X-rays during the month, 167 nurses.

Heavy Rains Plague Cleveland, Suburbs

CLEVELAND (AP) — Rainfall here Monday totaled 2.69 inches, compared with the average of 2.64 inches for the entire month of August, the U. S. Weather Bureau reported.

Some roads in the area were blocked for a time by up to eight inches of water. Power lines were knocked down, basements flooded and a Rapid Transit station was closed for three hours.

In suburban Cleveland Heights, limbs of two trees were broken by the rain and knocked down power lines supplying electricity to about 100 homes.

At the Triskett Road Rapid Transit station of the Cleveland Transit System, 18 inches of water collected in the pedestrian tunnel, making boarding and leaving of trains impossible. Passengers were taken by bus to another station.

East Germans Shout Threats At Chancellor

Communists Seek To Disrupt Visit Along Barricades

BERLIN (AP)—Chancellor Konrad Adenauer toured the barricades between East and West Berlin on a morale-boosting visit today and was met with jeers from the Communist side.

The jeering at one point was led by Gerhardt Eisler, top East German propagandist who jumped bail in the United States and fled to East Germany.

"There's only one way out, Konny," Eisler shouted at Adenauer across the barbed wire at Potsdamer Platz, once a major crossing point. "You'll have to deal with us."

The 85-year-old chancellor, impassive as an Indian chief, ignored Eisler and all the other Communist hecklers.

At other points, Communists from East Berlin jeered him from the wall they have built to divide the two parts of the city.

Communist loudspeaker trucks turned up at the Brandenburg Gate, once the chief crossing point, and blared at Adenauer. "We acted but you did nothing," they said.

The Communists made so much noise that nothing the chancellor said could be heard except by those closest to him. He did not attempt to make any speech.

Adenauer, chief of the Christian Democratic party, was met at the airport by West Berlin Mayor Willy Brandt, his Socialist opponent in West German elections next month.

His visit was his first since the Communists closed the border between East and West Berlin on Aug. 13 to stop the flow of refugees and commuters to the West. Adenauer's opponents in West Berlin have criticized him for delaying his visit until the tension had begun to subside.

Signs displayed at the arrival last weekend of U.S. Vice President Lyndon B. Johnson, emphasizing Adenauer's delay, said "Washington is closer than Bonn."

Adenauer went directly from the airport to visit the West Berlin refugee reception center at Marienfelde.

He was cheered and nearly mobbed there by several hundred recently arrived refugees from East Germany.

Police had to force a way through the throng.

Adenauer stopped briefly to assure the refugees that their brethren in East Berlin and East Germany would never be forgotten.

Penalty Death In House Hijacking Bill

WASHINGTON (AP) — The House has passed a bill carrying a death penalty for aircraft hijacking.

The measure, approved Monday by a 373-5 vote, is similar to one passed by the Senate. It would authorize the death penalty on recommendation of a jury when force, violence or threat of force or violence had been used to seize control of a plane.

Rep. William Fitz Ryan, D-N.Y., tried without success to have the death provision cut out. He argued that it would have "an adverse effect on the safety of passengers" by tending to make hijackers more reckless.

The legislation, triggered by a series of airliner hijackings, also sets out penalties for other disturbances aboard planes. An assault on a crew member, for instance, could bring a 20-year prison sentence and a \$10,000 fine. Other sections prohibit carrying concealed weapons aboard an airliner and giving false reports of hijacking threats.

Old Spirit Fruit Farm Near County Fairgrounds Recalled

By JAMES MURPHY

One of Columbiana County's strangest and most interesting stories concerns the old brick house by the Lisbon fairgrounds. Originally used as a Quaker academy by Jesse Holmes during the 1840's, the house gained notoriety at the turn of the century as the Spirit Fruit Farm.

AFL-CIO Endorses Union Revolt

WASHINGTON (AP)—The AFL-CIO has strongly endorsed the revolt of four Cincinnati union locals from the Teamsters Union.

President George Meany said Monday the rebels would have the "continued and wholehearted support of the AFL-CIO."

Meany conferred for more than an hour with James T. Luken, head of the Cincinnati group, and William L. Kircher, AFL-CIO regional representative who had encouraged the revolt.

Luken is president of a dairy drivers local, largest of the seceding Cincinnati unions. He is a long-time foe of Teamster President James R. Hoffa.

Several of the locals have indicated they will affiliate later with the AFL-CIO Brewery Workers.

Luken Monday asked the National Labor Relations Board to call a government-supervised election to withdraw formally from the Teamsters bargaining rights for the four locals.

Meany, after the session with Luken and Kircher, said:

"They are entitled to and should receive prompt action from the NLRB on their petition so that the workers will be able to register their feelings on official government ballots.

"I am confident that in these elections these rank and file workers will vote overwhelmingly to free themselves from the gangster domination of the Teamsters International Union."

Luken and Kircher returned immediately to Cincinnati after their meeting with Meany. Neither made any statement to the press.

Non-Support Case Brings Jail Term

LISBON — Gene Hammet, 24, Grant St., Lisbon, was sentenced Monday to six months in the County Jail by Juvenile Judge Louis Tobin after he pleaded guilty to non-support of his minor child by a former marriage.

Judge Tobin said he would suspend the jail sentence providing he pays \$100 immediately and then begins his \$15-per-week payments as the court has ordered.

UNEMPLOYMENT CLAIMS LOW

CLEVELAND (AP) — The Bureau of Unemployment Compensation reports that claims for continued unemployment benefits are at a 13-month low here.

The number of such claims dropped to 19,250 last week, a decrease of 2,096 from the previous week and the lowest since July 30, 1960. Initial claims from those who are newly unemployed dropped to 2,210 last week.

set up the Spirit Fruit Society, as history records it. A handsome man with a long black beard, Beilhart was a Seventh-Day Adventist turned faith healer. He had already converted several prominent people to his new religion when he arrived in Lisbon. Among his followers were a Chicago millionaire, a prominent labor leader, Rockwell Robert Wall, and "Blessed" Herbeson, a 17-year-old Chicago girl.

The colony prospered, gaining several Lisbonites as new members, and publishing two newspapers, the "Spirit Fruit" and the "Spirit's Voice". According to these papers the main doctrine of the society was free love.

BUT DARK DAYS soon fell upon Beilhart's strange cult. The first blow came when E. H. Herbeson, "Blessed's" father, came to Lisbon and swore out a warrant for Beilhart's arrest, charging him with kidnapping. Herbeson and the sheriff went to the farm and demanded that "Blessed" return to Chicago with her father. The Herbesons boarded the next train and dropped the charges against Beilhart.

This episode, as well as several other scandals at the Spirit Fruit Farm, aroused the indignation of the people in Lisbon. On June 14 about 50 men and women went to the fairgrounds and publicly asked Jacob and his following to leave town. Jacob said he would gladly go if it was for the best interests of the town, but two weeks later he tried making one last stand.

This strategem was an open house at which Beilhart explained his doctrines to the public. Although more than 400 people came to the gathering, Jacob could not make any converts and realized that the entire town was against his society.

HE FINALLY LEFT Lisbon in September, saying "I find that my presence is more necessary in Chicago than here at the present time." People breathed sighs of relief, glad to be rid of the strange mystic. A few of his group, including Virginia "Bob" Moore, went with him to Ingleside, Ill., where he again established the Spirit Fruit Society.

A few years later, in December of 1908, Jacob Beilhart died. One of his subjects, "Mother" Young, reported seeing him in a vision in which he appointed Virginia Moore as his successor. However, with his leader dead, the Spirit Fruit Society soon folded up.

The entire matter was gradually forgotten by Lisbon people, but even today the house by the fairgrounds is often referred to as the old Spirit Fruit Farm, home of Jacob Beilhart's weird society.

The Doctor Says

By DR. H. T. HYMAN

Few of Us Know What Allergy Is

Allergy has become a household word despite the fact that not many of us know what it actually means. Perhaps the most graphic way to make its meaning clear is to compare it to a situation in which a policeman clubs the householder instead of the burglar. Or a bank guard opens fire on a depositor instead of the hold-up man.

Dr. H. T. Hyman

In each of these instances, you see, the energy (ergon) that should have been expended in the interests of the defender was used in a manner that was alien to (allos) the purpose for which it was intended. Hence allos-ergon or all-ergy.

ALLERGENS AND THE SHOCK TISSUES AND ORGANS. What actually happens when a defense force turns on the defenders for whose preservation and protection it was organized and supported? When the skin itches and burns after it's been exposed to a non-irritant plant sap (poison ivy)? Or to popularly used cosmetics, fabrics and the materials of industry (contact dermatitis)?

When the baby's face breaks out (infantile eczema) following its first bottle containing cow's milk? When mom develops hives (urticaria) after eating her first dish of strawberries? When sister's tongue gets so swollen (angioneurotic edema) after a dish of fish chowder, she can hardly breathe? When Aunt Emma gets red eyes and a stuffy nose and has to gasp for breath as soon as certain pollens begin floating in the air (hay fever)?

When grandma has to go to bed with a sick headache (food allergy) if she forgets herself and eats chocolate candy? When brother gets sick to his stomach and whoops all over the place after he's taken a single aspirin tablet (drug allergy)? And when pop, who almost passed out after an anti-tetanus shot (anaphylactic shock), had to stay home from work a week or so later with hot,

painful, swollen joints (serum sickness)?

In each of these fairly frequent happenings, there has been a failure of our body defense system that operates so efficiently when we suffer almost any of the infectious diseases. Worse still, our defense establishment has acted treacherously, even treasonably.

In each instance, an innocent substance, food, drug, float in particle or antiserum, normally met without incident, has been converted into a weapon of offense (allergen). And in each instance the offending allergen has wrought vengeance on some specific body target (shock tissue or organ):

The baby's cheek in infantile eczema (atopic dermatitis); junior's hands and arms in poison ivy (dermatitis venenata); aunt Emma's nose, eyes and bronchial tubes during the hay fever season (vasomotor rhinitis; vernal conjunctivitis and bronchial asthma); the tiny blood vessels in mom's skin during her urticarial attack; And the entire blood vascular system at the moment of pop's episode of anaphylaxis, are all examples.

In another column, we'll discuss the trigger mechanisms that pop off in an allergy.

CHURCH UNDER CONSTRUCTION — The new edifice of the First Christian Church in Columbiana is about 25 per cent completed, the pastor, Rev. Frank O. Lillie, reported today. The partially-finished structure, shown above, is expected to hold its first service next April. The \$200,000 church will seat 350 in the auditorium and 35 in the balcony. There will be 10 classrooms on the ground floor and four classrooms on the main floor, a church office, ministers study, work room and lounge.

The building chairman is Gordon Gano of Columbiana. Cathedral glass will be used extensively in the front and on the sides of the church. There will be laminated wood arches and the baptistry will be above the pulpit and on a level with and behind the choir.

Japan's Reassuring Reply To Mikoyan

It is more than a little reassuring to learn that Japan has been admirably blunt in rejecting Anastas Mikoyan's insulting demand for removal of United States military bases from Japanese territory.

The exchange occurred just over a year after Japan was forced to cancel the state visit of President Eisenhower because of Red-led rioting against the new peace treaty which perpetuated the existence of the bases.

It is reassuring for several reasons.

ONE IS that it confirms the judgment of many experts who maintained at the time of the riots that they did not represent the thinking of a majority of the Japanese people.

Another is that it illustrates that every crisis in world affairs need not signify a setback for United States interests, but that some crises may be only temporary steam-ventings from which a stronger U.S. position can emerge.

Still another is that it shows there are countries outside Europe which are willing security are better served by alliance with to admit in public that their interests and

the United States than by playing footsie with Moscow or claiming to live in a dream world of "neutralism."

But the main reason Japan's reply is reassuring is that its bluntness and brevity were ideally suited to the overbearing character of Mikoyan's ludicrous threat.

THE IMPLICATION that Japan would be safer in event of war if it had no U.S. bases on its territory was an insult to the intelligence of Japanese officials.

The presumption that Mikoyan has a right to dictate to the Japanese what their foreign policy should be was an insult to the sovereignty of Japan's government.

Mikoyan's theme was typical of the Communist approach to diplomacy—just plain gall.

But the Communists continue to use that approach because it does not always meet with rebuff it got in Tokyo. Too many fuzzy-minded governments apparently fail to see through the thinly veiled pomposity of Moscow's propaganda.

The propaganda sometimes accomplishes its purpose, not because it is stupidly received, but because it is stupidly received.

It is reassuring that Japan has been smart enough to realize that.

Bordering On The Demagogic

Gov. DiSalle said in a speech in Cuyahoga County that he is not inclined to be a demagogue and most Ohioans probably would be inclined to give him the benefit of any doubt on that score.

The trouble is that he cast a shadow of doubt on it himself when, in the same speech, he charged that it is the Republicans in the General Assembly who have blocked a change in Ohio's public utility rate-base law.

Can he have forgotten that Democrats were in the majority in the 1959 legislature which defeated a proposed change in the rate-base law? If so, it is timely to refresh his memory with the specific information that 22 Democrats in the House that year crossed the party line to vote against the bill and, thus, to vote against their governor, their legislative leaders and their party's 1958 campaign platform.

Red Tape OK Sometimes

Red tape so often is a pain in the neck and therefore a proper subject for criticism — that those occasions when it stands for something worth crowing about tend to slip by without any crowing.

A case in point is the red tape involved in freeing a Cuban patrol boat impounded in this country to be traded for a hijacked airplane impounded in Havana.

The United States and Cuba announced agreement had been reached on the trade and this was hailed by voices in both places.

But one bit of red tape cropped up. The private enterprise in Miami which was responsible for impounding the Cuban patrol boat announced it was ready to fight the governmental agreement. Its claim to the boat was backed up by a court order.

There are ways around the problem. The United States government can go to court and declare the boat immune to seizure.

But the important thing is that the United States government has to take such action. It is not free just to declare the boat is going to be returned without attending to the legal niceties of recognizing the rights of a private concern and going through the courts have those rights set aside.

It is a significant point. Some of the head-holding and hand-wringing observers of the Cold War are fond of saying it is red tape that often puts the United States in such bad bargaining positions.

Granted they may sometimes have a point, would they seriously favor abandoning all so-called red tape for the sake of using totalitarian methods to fight totalitarianism?

Once Over

With punks, wierdies, eccentrics, Bellevue refugees and boy desperados imperiling lives of men, women and children by hijacking airplanes, why shouldn't there be a "frisking" of everybody boarding a plane until better ways of averting a frightful tragedy are found?

We frisk people in petty-theft probes and kids in juvenile street riots. What's so horrible about same procedure being applied and accepted by everybody boarding a plane while current perils continue?

This is serious life-and-death situation, not a game called "Cowboys of the Wide Blue Yonder."

Yes, we know all about the indignation aroused by frisking process, but surely an airplane traveler can suppress his delicate sensibilities in the interest of hundreds of fellow passengers. Frisking is a brief and not too embarrassing process.

The first airline to hang up a sign "Everybody on this plane will have to be searched as a life-saving matter" might find itself besieged for reservations.

Folks too stuffy to be searched can always take a train or bus if they object to all-out protection from goofy gun toters who, under present conditions, can get a cordial welcome aboard, a choice seat and an extra pillow.

Before long there will be some scientific gadget to detect weapons on passengers but who wants to wait for security measures in a crowded plane? Who wants to keep asking

"Will this plane be in charge of the regular crew after she leaves ground?" and "May I know my next stop for sure and not have to depend on guess work?"

AN OLD-TIME CAR CLUB held parade from Harrisburg, Pa., to Montauk Point, N. Y. showing its ancient autos. Who remembers old timers like the Chalmers, Jack-rabbit, the Stutz Bearcat, the Mercer, Cole, EMF, Locomobile, Paige, Scripps, Knox and King?

Highest-priced car was the Pierce Arrow and price of \$4,200 put it out of reach of all but the rich. Today most cars are not far below.

Mikoyan has made visit to Japan and it's safe to say he wasn't there to buy a kimono. Mayor Wagner of New York has asked school board to get out because of recent scandals. Hizzoneer gives members low marks in alertness, energy and sense of direction.

Mystery of mysteries is what kind of sleeping pills FDR, Churchill and allied generals were using during World War II meetings which allowed Russia to hem our side in Berlin and create situation which now threatens another war?

Numerous explosions on motorboats this season are grim reminder that cardinal rule of owner should be to open hatches and ventilate boat before starting motor. Best bet is to install automatic ventilating system and use it to blow out any accumulated fumes.

'Trickle Down System Of Latin-American Aid

Albanian Chaos

By VICTOR RIESEL

MUNICH

There's turmoil behind the Bolshoi border. There are hangings. There are purges. There have been a show treason trial in a movie house.

Victor Riesel

There is unrest. There is hunger. In Poland, in Bulgaria, even in Czechoslovakia, the wealthiest of all, in Hungary and Albania, in all the earthen satellite states, party leaders are being imprisoned and union chiefs are being dumped.

Military and naval officials have been executed in one or another of the captive nations.

Some of this I heard in refugee camps to which I was flown near Trieste, and Rome and Naples. Some of the evidence comes right out of satellite sources. And now here in Munich, where a band of quiet men keep a giant stethoscope to the hearts of the Soviet controlled nations, this is all corroborated by hard documentary evidence.

THUS, IN ALBANIA, today, there are 14 large concentration camps and 22 political prisons. In all, some 30,000 persons, or 2.5 per cent of the total population, have been imprisoned. Most of them are still in these camps and pens.

Antony these prisoners are the leaders of what passes for an Albanian labor movement.

They, along with other officials who have tried to raise the living standards from starvation to subsistence, are being tortured by a secret police from which the OGPU could have learned a trick or two.

This is the Sigurimi-Hoxha's specialists in the weirdest tortures this side of Stalin and Genghis Khan.

There are several kinds of tortures, all revealed in by Prime Minister Hoxha, who has never taken Stalin's picture down off the wall — Khrushchev or no Khrushchev. This Sigurimi uses hand vises to cut off circulation or even the hand.

They use electrical current on prisoners' limbs in a manner guaranteed to create the most excruciating pain in the legs, or the cranium via skull plates.

NO SENSE GOING into more Orwellian details of ghastliness. Point is that this Hoxha is a very tough man.

In Moscow, at the last International Communist party conference, he stood up and said, "Khrushchev has distorted the thesis of Leninism to suit his own purposes. No party has yet seized power without resorting to violence..."

The point here is that Hoxha stood up to Chairman Khrushchev. This means there is factionalism and N. S. Khrushchev is in no position to crush it.

So when you add it all up — the factionalism, the torture, the executions, the purges inside each satellite, the collapse of some collective farming, the disruption of food distribution, the creaking productive machinery in such lands as Bulgaria, you get a picture of internal chaos.

Could be that's why Chairman Khrushchev is making so much noise over Berlin. He wants us to take our eyes off the rest of his not so happy socialist world.

Until the June 17 revolt, the Soviet denied there was any East German military units in their zone. But in January 1956, they admitted they had been building up a "People's Army" and for the first time since the defeat of the Nazis, a German army paraded along Unter den Linden in Communist East Berlin.

THE NEW ARMY were "traditional" German uniforms with many trappings that once decorated the Wehrmacht uniform.

Except for the Czech type helmets it could have been 1939 all over again. They even passed the reviewing stand on Marx-Engels Plaza doing the old Prussian parade march, better known to Americans as the "goose step."

The Volksarmee received its cadre back in 1948 from volunteers among German prisoners of war in the Soviet Union who had joined a "Free Germany Army Corps." Many of them had been captured at Stalingrad and were bitter at being deserted to their frozen fate by Hitler.

The army, disguised as "bar-racks police," lured recruits by offering better rations, housing and other comforts during the hungry postwar years.

Many former Nazis and members of the SS, who found it easy to go from one extreme totalitarian doctrine to another, joined the new military organization.

By 1950 the Soviets let their "police force" out of the bar-

Robot Cosmonaut

By DAVID LAWRENCE

Did Red Space Craft Actually Contain Human?

IN EUROPE Did the Russians, in their anxiety to achieve a worldwide propaganda victory in the midst of the Berlin crisis, send an automatically operated satellite around the globe with tape recordings aboard and then land a well-rehearsed "cosmonaut" by parachute from a separate flight, and claim to have actually sent a man around the globe?

David Lawrence

The evidence with which to answer the foregoing question conclusively either way has not been made available to the public but, bearing on the subject of automatic space flights, the United States government, through the National Aeronautics and Space Administration, has just issued an enlightening and significant statement describing a satellite to be launched this very week from Cape Canaveral, Fla.

It reads in part as follows: "The most comprehensive test to date — orbital flight and re-entry on a completely automatic basis — is the next step in project mercury..."

"The spacecraft in this test is similar to the one in which the U.S. Mercury astronauts will fly in orbital flight. Since this is the first orbital flight of a Mercury craft, a mechanical 'crewman' simulator will replace man in the cockpit.

"The 'crewman' simulator will consume oxygen, expel carbon dioxide and fill the cabin with heat and moisture much as a man would in the course of normal breathing.

"On this flight, two 45-minute voice tapes will broadcast pre-planned messages to stations in the worldwide network of tracking stations to check on high-frequency and ultra-high-frequency transmissions.

"THE SPACECRAFT, measuring 6 feet across its widest diameter and 9 feet from the blunt heat shield to the top of its parachute container, will contain all of the complex space age equipment which makes it possible to fly the complete orbital mission on an automatic basis.

"In addition to the standard on-board systems through which the pilot can control the vehicle, electronic equipment and sensing devices have been installed to try to duplicate man's judgment and corrective capacity..."

"Another camera will look through the pilot's periscope while a third one records instrument panel readings.

"Special instrumentation has been installed in the MA-4 spacecraft to record vibration, acceleration and temperature..."

"During the flight, information from tracking and ground instrumentation points around the globe will pour into the Goddard Space Flight Center of the National Aeronautics and Space Administration at Beltsville, Md., at the rate, in some cases, of more than 1,000 bits per second. Upon almost instantaneous analysis, the information will be relayed to Cape Canaveral for action..."

"THE ORBITING phase of the mission will last approximately 110 minutes and will carry the Mercury craft around the earth at altitudes ranging from 154 statute miles off the west coast of Australia to 100 miles insertion altitude near Bermuda."

The same official statement defines the expected landing place at 200 miles east of Bermuda, in the Atlantic Ocean. Helicopters will be used to recover the "main landing parachute" carrying certain equipment and data.

It would, of course, be feasible simultaneously to send an astronaut into the air separately in a plane flying in the stratosphere, parachute him to a landing, and then tell the world that a man had actually been aboard the satellite itself some day and sent him around the world many times — where there are today several American satellites still circling the earth after many months of flight. But the United States hasn't been ready to take the risk of a single human life until every test has been made.

THE RUSSIANS may have taken such a risk but the "evidence" they have produced thus far is by no means convincing. In fact, several statements made by both Gagarin and Titov about what they saw from orbital flight are not believed at all by a number of scientists in America, France and Britain.

Both the Russian airmen spoke, for example, of having seen plowed fields while in orbit. Maybe they saw them on the way down to earth but there is no known telescope that could be installed in the spacecrafts used from which — at an altitude of nearly 160 miles — one could distinguish a plowed from an unplowed field on earth.

It was important for the Communists to register a first in space at this critical time in world history, and they would, of course, not hesitate to simulate an actual flight in order to gain a propaganda victory.

Red Volunteer Army

By ERNEST WEATHERALL

The Soviets are apparently trusting the East German Communist: "National People's Army" to put down any uprising in East Berlin and the Russian Zone.

Moscow lost faith in their satellite's "Volksarmee" during the East German uprising of June 17, 1953.

Several units which were called out to aid Soviet tanks, refused to fire on their own people. Soon after, Lt. Gen. Vincenz Mueller, chief of staff, and former Hitler tank general, was relieved of command.

Until the June 17 revolt, the Soviet denied there was any East German military units in their zone. But in January 1956, they admitted they had been building up a "People's Army" and for the first time since the defeat of the Nazis, a German army paraded along Unter den Linden in Communist East Berlin.

THE NEW ARMY were "traditional" German uniforms with many trappings that once decorated the Wehrmacht uniform.

Except for the Czech type helmets it could have been 1939 all over again. They even passed the reviewing stand on Marx-Engels Plaza doing the old Prussian parade march, better known to Americans as the "goose step."

The Volksarmee received its cadre back in 1948 from volunteers among German prisoners of war in the Soviet Union who had joined a "Free Germany Army Corps." Many of them had been captured at Stalingrad and were bitter at being deserted to their frozen fate by Hitler.

The army, disguised as "bar-racks police," lured recruits by offering better rations, housing and other comforts during the hungry postwar years.

Many former Nazis and members of the SS, who found it easy to go from one extreme totalitarian doctrine to another, joined the new military organization.

By 1950 the Soviets let their "police force" out of the bar-

EACH FDJ UNIT has a quota of "volunteers" for the army. The youth leaders must use every means of persuading the reluctant volunteers to sign up. Since those who refuse their military obligation are "endangering peace" they may find themselves out of a job and working in the uranium mines in Saxony.

Besides the Volksarmee, an East German youth can volunteer for the border police or one of a dozen other military and semi-military organizations.

ANSWERS YOUR PROBLEMS

Dear Ann Landers: We live in the mountains and it gets chilly here evenings during the summer months. Last night I asked my husband if he would go downstairs and bring up some logs so we could have a little fire in the fireplace.

He told me to get the logs myself. The logs are quite heavy and I am expecting a baby in a couple of months. My feelings were hurt and I told him so.

He claims pregnancy is not a sickness and that I am in better health than he is. He also said that too many women use pregnancy as an excuse to get out of doing things. He keeps bringing up his mother who had eight children and never saw the inside of a hospital. What can I say to him? — J.

Dear J: Pregnancy is not a disease but an expectant woman should not be hauling and lifting logs for the fireplace. Tell your husband if he wishes to be clued in on the dangers

involved he can telephone your doctor.

TV Monopoly

Dear Ann: My sister has four children. They range in age from 5 to 12. Every evening they push the portable television set into the dining room and the dinner hour is spent watching a Western "shoot 'em up" or some other chronicle of violence.

No one can say a word while a show is on. They nudge and signal each other to pass things. You'd think they were a family of deaf mutes if you ever saw them in action.

When my sister and her family came to our house for dinner last Sunday they asked if they could push the TV set into the dining room. I said no. And then my sister and I got into an argument. She claims peace is worth a great deal and when they watch TV at the table everyone is quiet.

I disagreed with her but I couldn't put my objections into

words very well. How do you feel about this — OUTSHOUTED.

Dear Outshouted: If she gave the kids a fistful of tranquilizers, that would quiet them, too, but I certainly wouldn't recommend it.

Mealtime presents an ideal opportunity for family conversation. It's a time for expressing opinions, listening — and getting to know each other.

It's frightening that so many parents must rely on TV to achieve law and order in the home. Of course it's easier to turn on the idiot box than to keep a good, stimulating conversation going. But parents who take the easy out short change their children.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Salem News, enclosing a stamped, self-addressed envelope.

Tullis American, Theron's Win Class A Playoff Games

Old Dutch Knocked From First In Class AA 7-1 by Stepanic's

Tullis American downed league-leading Lincoln Machine, 5-3 and Theron's IGA nipped the Alliance Amvets, 7-6 in the opening games of the best-of-three Class A play-offs at Kelley Park Monday.

In a lone Class AA encounter played last night Stepanic's Tavern drubbed Old Dutch, 7-1 to knock the Columbiana County champs from first place. The loss drops Old Dutch to third place while Herron Transfer, which has completed its schedule, moved into first with a 13-7 mark. Stepanic's is in second with a 10-5 mark. Old Dutch is 11-7 on the season. Shaffer Ford holds on to fourth place with a 10-9 record.

Lincoln Machine went into the playoffs with a 19-5 record and two and half games in first place. The league-leaders now find themselves one game down and face the possibility of not sharing in the Class A laurels.

Third place Tullis staged a come-from-behind victory as the losers forged to a 2-0 first inning lead on a two-run single by Charles Marks.

In the second frame singles by Jim Hahlen and Gary Stoffer along with a walk to Jim Ramsey loaded the bases. After Dick Hahlen forced Jim Hahlen at the plate, Bob Wolfe was hit with the pitch forcing in a run, making the score 2-1.

John Stoffer rapped a homer in the top of the third frame to tie the game at 2-2 but Lincoln's Bill Odorizzi socked a round-tripper in the last of the third to send the losers into their last lead of the game.

A two-run double by Ted Schwartzoff in the fifth inning moved the Tullis nine into a 4-3 lead and the victory was locked up.

Gordon Scott Golf Tourney to Begin At Robbys Knoll

The 3rd Annual Gordon Scott Fall Golf Tournament will get underway at Robbys Knoll Golf Course Monday, Aug. 28. Gene Smythe, owner of the course, announced today.

Brackets have been posted in the Club House and participants may check the list to find their opponents for the first round. Smythe urges members of the Bliss Office League, the Electric Furnace League and the Robbys Knoll League to check the brackets since their qualifying requirements are met by playing in those leagues.

No entrance fee is required. The 18-hole match play tournament will include competition in four flights, AA, A, B and C. Trophies will be awarded in each of these flights, Smythe said.

Hot Stove Leagues

The Firemen increased their lead in the Class G league as they easily disposed of the K of C, 18-7 in one of five Hot Stove League games played Monday.

In other action National Cleaners blanked Scott's Sports, 8-0 and Bricker's nipped the Italian Club, 5-4 in two Class G tilts; the Jaycees topped Stark's Colonial, 12-10 and Toar's Wrestlers tripped the Dairy Isle, 10-6 in Class H encounters; CIO 2463 won on a forfeit over CIO 3816 in a lone Class E game.

The Firemen socked eight of their 10-hit total in the first inning to roll to an 11-0 margin in the first frame. Triples by Wally Ward and Steve Smith along with a double by Ron Bezeridi made things easy for winning hurler Bob Bentley.

Bezeridi, Tom Bica, Denny Papp and Smith paced the winners, who are now 13-2 in league play, with two hits each.

Losing pitcher Tom Lantz featured for the K of C with two safeties. Emmerling rapped a double for the losers to spark a four-run fourth inning rally.

R. Liber and W. Simpson combined to hurl National Cleaners to a shutout, four-hit victory over Scott's Sports.

National Cleaners tallied three times in the second inning and coasted to its win.

A. Chamberlain, Simpson and Liber paced the attack for the winners. T. Milligan collected two of the four Scott's nine hits.

The contest between the Italian Club and Bricker's was tied twice. The Italian Club moved into 1-0 and 2-1 leads only to have Bricker's tie the count each time.

The losers moved to a 4-2 lead for the last time in the seventh inning but Bricker's came back in the last half of the seventh to

right down to the wire with the winners scoring twice in the last of the seventh on George Carlisle's single bringing in Casey Lease with the winning tally.

The lead changed hands four times. Alliance jumped to a 2-1 first inning lead but three tallies by Theron's pushed them into a 4-3 margin after two frames.

Alliance took the lead for the last time in the fifth inning, 6-5 setting the stage for Carlisle's hit.

Eight Theron's errors failed to aid the Alliance cause.

Carlisle was the big man in the Theron's attack as he smashed three hits in four trips to the plate, including a solo homer in the fifth. Blair Adams also collected three safeties for the winners.

In the Class AA tilt Stepanic's jumped on Old Dutch pitcher Bill Herman for four runs on five hits in the first inning. Singles by Benny Roelen, Jack Myers, Jim Roach, Vince Weyant, Dick Andric and a sacrifice fly by Dave Drakulich sparked the Stepanic rally.

Old Dutch managed to avert a shutout by racking up one run in the last of the seventh inning. Roach paced the winners with four hits in four trips to the plate. Andric chipped in with three safeties to aid the 11-hit attack for Stepanic's.

Jack Roesti collected two of the four hits that Old Dutch got off winning hurler Jim Stonemetz.

J. Wagner copped the victory as he limited the Italian Club to two hits and fanned 12 batters. Doug Mowery absorbed the loss as he gave up only a single hit to Bricker's.

Winning hurler Art Bowen blasted a grand slam homer in the first inning to spark a six-run rally for the Jaycees to send the winners into the lead.

The losing Stark's nine tallied a run in every inning but could not overcome the Jaycees big first inning.

Bowen paced the six-hit attack of the Jaycees with three safeties. Barry Christein added two hits for the winners.

Kent Smith took the loss for Stark's as he gave up 11 walks. Bowen fanned 10 batters in taking the victory.

Tigers Begin Series With Tribe Tonight

CLEVELAND (AP) — The Detroit Tigers, staging a close race with the New York Yankees for the American League pennant, make their final appearance of the season here in a 3-game series with the Cleveland Indians opening tonight.

Manager Bob Scheffing's second-place outfit trails the Yankees by three games and appears to be the only team with a chance to keep New York from winning a second straight pennant.

In the last series between the Tigers and the Indians, the Tigers won three of four games in Detroit. They hold a 10-5 season edge over Cleveland.

Scheffing will start Paul Foytack (7-8) against the Indians tonight, while Manager Jimmie Dykes has selected Jim Grant to open for the Tribe.

Grant, whose 12-6 record is tops for the Indians hurled a three-hitter to beat the Yankees 5-1 in his last start Friday night.

The Indians were idle Monday.

Eight Little League Teams Start World Series Play Today

WILLIAMSPORT, Pa. (AP) — There was shrill chatter on the baseball diamond today as Little League players from eight teams prepared for their World Series eliminations.

Batting practice was scheduled for each club as defending champion Levittown, Pa., got ready to take the field against El Cajon, Calif., Western regional winner. Montreal, the Canadian champion, meets Hilo, Hawaii, Pacific regional winner, in the only other game today.

The competition ends Saturday when the two semifinalists meet for the championship.

Series May Decide Pennant Race

Reds Meet Dodgers, Giants This Week

CINCINNATI (AP)—Two right-handers—Bob Purkey and Ken Johnson—will start the Cincinnati Reds off tonight on a series that may settle the National League pennant race one way or the other.

Right now, the Reds lead the league by three games. This week they will first play four games against the third-place San Francisco Giants and follow this up with a four-game series against plenty of open dates too, giving the second-place Los Angeles Dodgers.

Even the most rabid Redleg fans—and there are plenty of them—have some doubts of their team's ability to win all eight games. But even if they break even, Cincinnati's chances of getting the pennant are good, since the schedule favors them the rest of the way.

The Reds will have no more games with Los Angeles and only

FANS TO HONOR ROTE

NEW YORK (AP) — Kyle Rote, co-captain and star end of the New York Football Giants, will be given a day by fans. The date is Sunday, Oct. 29 when the Giants play the Dallas Cowboys at Yankee Stadium.

After the game a dinner-dance in Rote's honor will be held at the Biltmore Hotel.

Money to Go for Medical Expenses

Top Pro Cagers Play In Benefit for Stokes

MONTICELLO, N.Y. (AP)—The best in professional basketball tonight will help Jack Twyman keep another pledge to ailing Maurice Stokes.

Bob Cousy, Bill Russell, Wilt Chamberlain, Dolph Schayes, Bob Pettit and many more will compete on a concrete, outdoor court in a Stokes benefit game. Its aim is to help raise money for continuing treatment of Stokes, former Cincinnati Royals star who was paralyzed with encephalitis—a brain ailment — 3½ years ago and still cannot walk.

Auerback, Seymour to Coach
Red Auerback of the Boston Celtics will coach the Eastern team and Paul Seymour of the St. Louis Hawks the West in the All-Star game, which was washed

out Monday night by an all-day rain in the Catskills.

The coaches and the players, who paid their way here for the privilege of helping, figure it's the least they can do for the 6-7, one-time 250-pounder who by now probably would have ranked as one of the greats of basketball.

Since he was stricken in the 1957-58 National Basketball Association season, Stokes has been a patient at Christ Hospital in Cincinnati.

Teammate Twyman, one of the top NBA scorers, has been his legal guardian and has masterminded the financial flow that gives him the medical help he needs. This year, a benefit show in Stokes' hometown of Pittsburgh flopped.

"We need the money from this game more than ever," Twyman said.

Stokes May Walk Again
"Let the people know they can mail contributions to Stokes at the hospital. The doctors hope he may walk some day. When he recovers his reflexes will be slower. But he has determination."

In the last 40 months, Stokes has come a long way. First, to learn again to move his hands. Then to speak. He occasionally is out of bed, but in a wheelchair.

Maurice, who starred at St. Francis (Pa) before joining the Royals, had hoped to make the trip here but doctors wouldn't permit it.

all-Negro team featuring Leroy Peoples.

Always a top team is Midland Local 1212 which has Fats Katich on its roster. Two teams from the Penn-Ohio League, Akron Butler Oil and Niles Fenton St. Bar are also slated to compete. The Lorain Old Dutch nine, the top team in the Big Eight Softball League, near Cleveland, is scheduled to play on Sept. 3.

The New Brighton Eagles, East Liverpool AVP and Unionport will be on hand to vie for the laurels.

Cincinnati Battles San Francisco Tonight; Maris, Mantle In LA

By MIKE RATHET

A Herculean eight-game program over a six-day stretch is the next test for the Cincinnati Reds, leading the National League by three games after a hectic period of playing ring-around-a-rosie for first place with the Los Angeles Dodgers.

Warren Spahn Gets Welcome In Boston

BOSTON (AP)—Nineteen years ago Warren Spahn began a story-book major league pitching career in Boston.

The 40-year-old Milwaukee southpaw had a tumultuous "homecoming" at Fenway Park Monday night as the Braves defeated the Red Sox 4-1 in an exhibition game.

The contest, for the benefit of children's cancer research, was played in fog and drizzle but nothing marred the series of standing ovations Spahn received.

True to his promise to the stricken children, Spahn pitched a perfect inning as the Braves' starter though he had gone the full nine frames Sunday extending his remarkable record to 302 victories.

Spahn had said he would pitch "if I can lift my arm." He struck out two and retired defending American League batting champion Pete Runnels on a grounder.

Spahn broke in with the old Boston Braves just a mile down the road from Fenway Park on April 19, 1942.

Wrestling Matches Set At Idora Park Tonight

"Bearcat" Wright is slated to battle Sato Keomuka in a revenge match in the main wrestling event at Youngstown's Idora Park tonight at 8:30.

In other action Illio Di Paulo will take on Mike Gallagher, who usually sides with his brother, Doc, in tag team matches, and "The Mask" will be pitted against Ramon Lopez.

Midget wrestling will be an added attraction as Little Beaver and Bouncing Billy Burke take on Sky Low Low and Fuzzy Cupid in a tag team bout.

County Net Entries To Close Wednesday

All entries for the Columbiana County Tennis Tournament, to be played at the Salem Country Club Aug. 25 through Sept. 4, must be in by Wednesday, according to tournament officials.

Anyone wishing to enter either singles or doubles play may contact Dave Hunter at ED 2-4266 or stop in at Gordon Scott's Sporting Goods on S. Broadway.

The Reds, who have fallen 2½ games back last week in their season-long battle with the Dodgers for the top rung, begin their crucial period at home tonight with a doubleheader against the third-place San Francisco Giants.

The sizzling Giants, who have won 10 of their last 12, will stay at Crosley Field for games Wednesday and Thursday, then the Dodgers will move in for a showdown four-game set in the final meeting of the year between the pennant contenders.

Meanwhile, Roger Maris and Mickey Mantle will continue their assault on Babe Ruth's home run record of 60 in 1927 as the American League leading New York Yankees invade Los Angeles for a three-game set with the Angels.

The Yankees lead the second-place Detroit Tigers by three games and the Baltimore Orioles by 11. The Orioles' game at Washington Monday — the only one scheduled in the majors — was postponed because of wet grounds.

Reds' Manager Fred Hutchinson admits the string of games with the Giants and Dodgers will pose a pitching problem and he may have to throw in rookie Ken Hunt and/or sore-shouldered Jim Maloney. "I'll have to put someone in some place," moaned Hutchinson.

The regular rotation recently has consisted of Joey Jay, Bob Purkey, Jim O'Toole and Ken Johnson. Purkey (14-7) and Johnson (4-1) figure to go tonight against the Giants' Mike McCormick (9-12) and either Sam Jones (7-7) or Billy O'Dell (4-4).

Alston May Be Replaced

The Dodgers, who lost seven straight and tumbled to second while the Reds were taking six of seven, meet the St. Louis Cardinals before going on to Cincinnati, with rumors beginning to circulate that Walter Alston's job is in jeopardy.

Club owner Walter O'Malley denied that Monday, however, saying: "Alston doesn't need a vote of confidence. But maybe the team does. If so, here it is. A big personal vote for the Dodgers, who are tied for first place in the loss column."

The Reds, who have played and won six more games than Los Angeles, have the same number of losses as the Dodgers, 47. The Yankees, three games up on the Tigers in both columns, will send Bill Stafford (10-6) against the Angels' Ken McBride (9-10) tonight.

Despite the close pennant races most eyes will be riveted to Maris and Mantle, who have hit 49 and 46 homers, respectively. Maris is 10 games ahead of Ruth's pace

and Mantle is eight games in front with the Angels' Wrigley Field presenting a friendly target.

The major league mark for most home runs at one park in a single season is within reach at tightly boxed Wrigley Field where 177 homers have been hit, and 25 games still remain to be played. The record is 219 at Cincinnati in 1957.

Former National League southpaw pitcher Max Lanier is scouting for the San Francisco Giants.

Broke Gavy's Mark With 29 Clouts

Ruth Became New Homer King In '19

By JOHN BIBB

The Nashville Tennessean

NASHVILLE, Tenn. (AP) — At the moment baseball's forgotten man is Clifford Clarence (Gavy) Wooden Shoes, Cactus) Cravath.

It was Cravath's home run record of 24 which Babe Ruth broke when he hit 29 in 1919. Cravath, an outfielder for the Philadelphia Nationals, led the league in home runs five times, and this in the era of the dead ball and marvelous pitchers. His major league record came in 1915 when the Phillies won the pennant and lost to Boston in the World Series.

Overshadowed by Ruth

Cravath, a rumbling, round 200-plus heavyweight, picked up nicknames by the dozen, but in view of the later homer heroics by Ruth, Cactus and his two dozen blasts faded into the mass of baseball's honored statistics.

Almost faded, that is.

One fellow remembers Cravath ever so vividly. He's our own Gallatin (Tenn.) squash, Hub Perdue, a pitching star for the Boston Braves while Gavy was the league's home run leader.

"Remember Cravath?" chuckled Perdue, when we asked about the oldtime Philly ace. "Sure I do. He couldn't hit a curve ball. But brother you'd better watch where you put that fast one when he was up there. If you weren't awfully careful, he'd lose it for you."

"I remember a lot of things about Cravath. One thing I'll never forget is the size of his bat. It was as big as a fence post, but when he swung it, it swished

like a fly rod!"

It seems curious that a man with the colorful nicknames associated with Cravath could have wilted from baseball lore, despite the glare of Ruth's home run barrage.

Let Bat Do Talking

"Well, Gavy didn't have a lot to say. You might look at it this way. He let that bat do his talking. Of course, the nicknames were tagged by various people. He had enormous feet and was pretty slow. That's where 'Wooden Shoes' came from."

The "Gavy" apparently is from his correct name—Gravatt. Why he changed it to Cravath is just about anybody's guess. But, by whatever name he chose, Cactus was the National League homer leader in 1913 (19), 1914 (19), 1915 (24), 1918 (8), and 1919 (12).

In the midst of his record of 24 homers in 1915, the right-hand hitting Cravath tied a major league mark by socking four consecutive doubles in one game. He left the majors in 1920 after serving as Philly manager for half of the '19 campaign and all of 1920.

Browns' New Guard to Play Against Rams

PALEO ALTO, Calif. (AP) — Duane Putnam, an offensive guard obtained by the Cleveland Browns last week from the Dallas Cowboys, will play in the exhibition game against the Los Angeles Rams.

That was the word Monday from Coach Paul Brown as he started preparing for the game Friday night in Los Angeles.

Putnam spent most of his professional football career with Los Angeles.

Brown said quarterback Len Dawson also would get some work Friday night.

Several factors in the Browns' 27-24 victory over the San Francisco 49ers Sunday had the coach in an optimistic frame of mind. These included Ross Fichtner's solid performance at defensive halfback, Floyd Peters' strong showing at defensive tackle, Lou Groza's flawless place-kicking, the return of Dick Schafrath to offensive tackle duty, the midseason form of Jim Brown and Bobby Mitchell and the final clutch pass from Milt Plum to Ray Renfro for the victory.

Vince Crawford Gets Ace At Robbys Knoll

Vincent Crawford of 251 E. 6th St. recorded a hole-in-one on the 142-yard No. 7 hole at the Robbys Knoll Golf Course Sunday.

Crawford's ace was witnessed by Caleb Lewis and Danny Krichbaum.

Tigers, Reds Boost Attendance Records

NEW YORK (AP)—Surprisingly good showings in the baseball pennant races by the Detroit Tigers and Cincinnati Reds have boosted their home attendances this season. Both have already surpassed their 1960 totals.

The Tigers have played before 1,340,930 customers and the Reds to 762,520. Last season, Detroit's total was 1,167,669 and Cincinnati's 663,486.

Through Sunday's games, the Tigers showed an increase of 235,000 and the Reds were up 245,000. All of the other teams were under last year's figures. Those showing the largest deficits were the Chicago White Sox (441,000), Los Angeles Dodgers (410,000), San Francisco (313,000), Pittsburgh (320,000) and Milwaukee (314,000).

The major leagues drew 1,076,166 paid last week, lifting the 1961 total to 15,013,116—seven per cent under last year.

Columbiana Rotary Aids In Education

COLUMBIANA — The Columbiana Rotary Club is sponsoring a program to promote interest locally in getting unskilled workers trained through further education in area schools which offer specialized courses.

"We are anxious to impress upon the recent graduates of high school, or the younger workers already located in industry, the value of acquiring a skill or trade," according to Robert Bertelsen, chairman of the Rotary Club youth service committee.

"By learning now, while young, they will have better jobs, and be more secure in their employment throughout their lives," he explained.

With the registration of the new school year, the youth service committee of the local Rotary is continuing in its effort to locate young people who could improve their earnings and increase their job security by taking additional educational training.

Bertelsen explained that in recent business recession, during which unskilled men were the first to be laid off and the last to be recalled, was the best evidence that advanced education is vital to holding a job in today's economy.

The committee has assembled and has ready for distribution literature from several centers in this area where advanced training is available. For young men, the primary center is the Salem School of Technology, which oper-

ates in the vocational wing of Salem's new high school building. Registration for this school will be held tonight and Thursday from 7 to 9 and Saturday, Aug. 26, from 8 to 10 a.m.

Four-year courses leading to diplomas sanctioned by the State Department in Education are available in the following subjects: Machinist, tool and die-making, fabrication, pattern-making, drafting, industrial electricity, electronics, auto mechanic, auto body and fender repair, typing, shorthand, business mechanics, traffic management, bookkeeping, and accounting.

Leetonia has also set up night classes in its High School this year. Instruction in blueprint reading, industrial supervision, on the trade and industrial level; typing, bookkeeping, and short hand. Certificates are issued upon completion of the course.

Registration will be held in Room 49 at Leetonia High School on Monday and Tuesday, Aug. 28 and 29, from 7 to 9 p.m. and again on Tuesday and Wednesday, Sept. 5 and 6, from 7 to 9 p.m.

South High School offers courses designed for the completion of high school diploma requirements. Registration will be held there Sept. 26, 27, and 28 from 7 to 9 p.m. Choffin School in Youngstown, sponsored by the Youngstown Board of Education, has classes in auto carburetion, auto ignition, welding and electronics. Members of the Columbiana Ro-

tary committee have additional information on these schools, and they invite inquiries. Members of the committee are: Robert Bertelsen, Dr. William Jones, Richard Berryman, D. W. Bailey, Richard Newell, Robert Hum, David Holloway, and Charles Harper.

THE COLUMBIANA BOARD of Education issued a number of contracts for supplies and services for the coming school year.

Delaware Coal Co. of North Lima was given a contract to supply stoker coal to the local schools for the 1961-62 year at the price of \$5.60 a ton, the same as last year.

Bob's Oil Co. of Columbiana received a two-year contract to supply school bus gasoline, and other products, at a price of 23.4 cents a gallon for gas.

Nationwide Insurance Co. received a one-year contract to furnish school bus insurance for the school year at a price of \$305.20. The board employed Mrs. Grace Macklin of 216½ S. Vine St. as a cafeteria cook to replace Mrs. Ella Engle, who retired.

MRS. KAY BLACKBURN and Mrs. Mary Fisher will head up the committee of hostesses for the Jefferson-Jackson Day dinner of the county Democratic organization to be held Sept. 18 at Beaver Local High School.

Mr. and Mrs. Wilmer Yarian, Mrs. Jennie Hum, Sylvia Hoffmaster and Mr. and Mrs. Francis Harter visited Mrs. Maud Hoffmaster in North Lima Tuesday. George Messersmith and T. J. Griffiths tied for first place, having the most points, in the slide contest held recently by the Columbiana Camera Club. Refreshments were served by Mr. and Mrs. Robert Young of Poland and Mrs. Randall Glenn.

Mrs. Larry Zimmerman and Mrs. Gary Wilms honored Mrs. Charles Parkinson (Ruth Alta Messersmith) with a baby shower recently at the home of Mrs. Zimmerman. Guests were all former classmates of Columbiana High School. Mrs. Kevan Crouse of Akron was an out-of-town guest. Mr. Parkinson is completing his service with the U.S. Army in Germany.

Mrs. John Rearick of New Lexington was a recent visitor of Mrs. Hazel Rearick.

Recent guests of Mr. and Mrs. Rollie Peppel were Mr. and Mrs. Robert Brathune and two children, and Mrs. Brathune, Robert's mother, of Baltimore, Md.

Miss Bonnie Shears of Diehl Lake, north of Salem, was a guest of Miss Nancy Lower, last week. Mr. and Mrs. Richard Knowles are the parents of a daughter born Saturday at Salem City Hospital. Dr. Ellis Snyder of Capital University, Columbus, was guest speaker Sunday in the Lutheran Church. Rev. A. A. Anderson will return next Sunday, after a three weeks vacation.

sing visits, 7 medical consultations, and three new patients were started on drugs, making a total of 141 persons in the county on drugs. Three patients were hospitalized, seven were discharged and 72 tuberculin skin tests were given.

He said the county nurse made 33 home visits, made 12 visits to the jail and gave 37 mantoux tests, had two pre-natal clinics, gave 85 bus examinations, made 10 school visits and gave 7 immunizations, 6 polio and 3 vaccinations.

Inspector Wang made 89 plumbing inspections, 70 sewage inspections and took 22 water samples. Sanitarian Stockdale made 28 food inspections, 42 sewage inspections, 28 nuisance inspections, took 17 water samples, five refuse, one trailer inspection and held 7 conferences.

The health department issued 53 plumbing permits and 44 sewage permits during the month.

Dr. Palmer was given permission by the board to attend the state health commissioners conference in September.

Bills of \$1,645.96 were authorized to be paid.

With The Patients

Mrs. Franklin Harris of RD 3, Salem, has returned home from the Canton Mercy Hospital where she underwent surgery.

Bus Drivers For Leetonia School System Are Hired

LEETONIA — At a special meeting of the Board of Education of the Leetonia School District the following bus drivers were hired for the coming school year:

Vic Hedl, Frank Dominic, Roland Hall, George Trombitas, Morrison Poe, Francis Perry and Allen Ebersole.

Other business transacted at the meeting was the awarding of a contract to Schwebel Bakeries to furnish bread to the cafeteria.

Albert Lewis was hired to inspect the electrical wiring at the Washingtonville School.

The board also approved the purchase of 106 science books for the high school. The books will be chemistry, physics and biology. The purchase of school bus insurance from Paul Stiller, representative of the Granite Mutual Casualty Co., was authorized. Plans were discussed for the reorganization of school hours.

EIGHT TABLES OF 500 were in play at the card party sponsored by the Leetonia School System.

and then left for a tour of the wall erected by the Communist regime. Rumors circulated that a high-ranking Soviet leader would arrive soon in East Berlin, presumably in an effort to counter the effect of the hero's welcome given U.S. Vice President Lyndon B. Johnson during his weekend visit to West Berlin.

But Western Allied circles said they doubted the East German Communists would make any such obvious gesture. The Red regime has proclaimed the border closing a great victory against the West.

Hours before Adenauer's arrival 3,000 British troops turned out in another display of Allied military readiness. A British spokesman called it a routine alert to familiarize the men with their assignments in case of an emergency. Within four hours most of the troops had returned to their quarters.

Charter

ing its disapproval of the section of the proposed charter which would have limited Council's authority to enact an income tax without a public vote.

A letter presented to the Commission last night by H. E. Jesko, president of the Salem Manufacturers Association, stated:

"The Manufacturers believe that the continuance or discontinuance of the present city income tax of one half of one per cent, which is based on the profits of business enterprises and the earnings of wage earners, or the enactment of any other future income or payroll taxes should be the responsibility of our City Council.

"We feel that since City Council members are elected officials, they should be charged with the responsibility of the welfare of our community. The general public in electing these officials have pronounced their faith in these individuals. The judgment in all matters, including taxation, by these elected officials should be respected.

"The members of City Council are constantly facing decisions, and for the most part these decisions involve money. Since we expect our officials to operate our city, the Manufacturers Association believe they should also have the necessary tools to perform to our expectations."

Jesko said that the compromise reached on the income tax issue last night meets with the approval of the Manufacturers Association.

Commend Charter Group

He said the Manufacturers also unanimously approved a resolution commending the members of the City Charter Commission on the progress they have made in the drafting of a new charter.

It was also pointed out by Jesko that the Manufacturers supported the income tax which was enacted for this year.

The Commission voted last night to hire a professional secretary to help at the public meetings to be held on the charter. The first of these meetings is scheduled for 7:30 p.m. Monday at the Memorial Building.

A special meeting of the Charter Commission has been called for 7:30 tonight at the Council Chambers at City Hall. The Commission still has several sections of the rough draft to go over before the public meeting. Caplan indicated that the Commission will probably meet again on Wednesday.
